The Senior Surgeon recommends the grant of a pension of Rs 10 p.m. to the widow for life.

In forwarding herewith an application in the prescribed form, for an extraordinary pension on behalf of Seethamma widow of 1st Class Sub Assistant Surgeon B. Subba Rao who died on 26-2-13 at T. Narsipur, of Cholera, having caught the infection in the discharge of his duties, I have the honor to request that you will be so good as to obtain the sanction of Government to the payment of a pension of Rs 10/- per mensem to the deceased's wife in view to maintaining herself and her very young helpless children.

No inquest was held and it is presumably due to ignorance of rules on the part of the District Medical Officer; but the ^{enclosed} reports of the Taluk Amildar, and the Sub Assistant Surgeon who attended on the deceased, which form a short resume of the case, prove, beyond doubt, that the deceased caught infection while in the discharge of his duties.

Letter No. 80 dated 28-3-13 from Sub Assistant Surgeon M. Varadaiya, L.F.Dispensary, Bannur, to the District Medical Officer, Mysore District.

In obedience to your office memo No. 2257-60 dated 27-3-1913 to report ~~the~~ about the death of Sub Assistant Surgeon Subba Rao of T. Narasipur, I beg to state from the information I gathered on the 26th February 1913, when I had been thither to treat the deceased that it is a fact that he caught the contagion of Cholera while he was in the execution of public duty.

Even though he was unwell two or three days prior to this, yet he had without detriment to his work been attending to Cholera duty as well at the sacrifice of his health.

Letter No. 7328 dated 12/14th April 1913 from the Deputy Commissioner, Mysore, to the Senior Surgeon, Mysore Govt.,

I have the honor to forward herewith an extract from a memo received from the Amildar of T. Narsipur regarding the grant of extraordinary pension to the family of the late B. Subba Rao, Sub Assistant Surgeon of T. Narsipur who died from Cholera. It will be seen from the above that the Medical Officer was actually on Cholera duty when he caught the infection and that he succumbed to the disease within 24 hours. His case is really a deserving one for the kind consideration of Government and comes within the operation of articles 390 and 391 of the Mysore Service Regulations. I request therefore that sanction of Government may be kindly obtained for granting an extraordinary pension to the family of the above Medical Officer in consideration of his having risked his life in the performance of his duty.

^{Received}
~~sent~~ with his D.O. dated 31st March 1913.

I | Extraordinary Pension to the widow & children of the late Mr. B. Subba Rao
Sub Assistant Surgeon of T. Narasipur.

Mr. Subba Rao visited Kempayyanhundi, Mudakatore and other villages on cholera duty in the month of February. Cholera having broken out at T.Narasipur, on the 20th February he treated many cholera patients visiting their houses. At about 9 p.m. on the 25th February, he visited the house of a cholera patient by name Krishnaswamiengar in the town and treated him. Within two hours he himself had a severe attack of cholera and in spite of the treatment by the Sub Assistant Surgeon of Bannur, who was urgently sent for, died within 24 hours. He has left a widow and 7 children almost destitute. Under these circumstances they deserve an extraordinary pension under articles 390 and 391 of the Service Regulations.

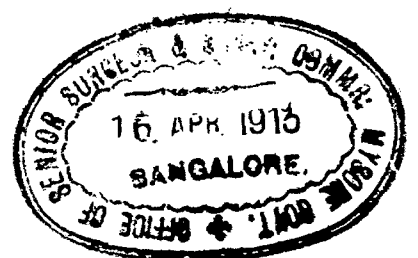

The circumstances were brought to the notice of the District Medical officer by a D.O. letter soon after the death of Mr. Subba Rao. On the application of his widow to the Senior Surgeon, the District Medical officer has recently asked for certain details and a reply will be sent without delay.

Most respected and honoured Sir,

The humble petitioner ~~Seth Subbaram~~

Wife of the late Mr. B. Subbaram, 18th class sub-
assistant surgeon, ^{J. Narasipur} respectfully brings the following facts
for your honour's kind consideration:—

The late Mr. B. Subbaram rendered
his service faithfully in the Mysore State for nearly
19 years even at the risk of his own life.

During the recent out break of
Cholera at J. Narasipur, he always attended on
the cholera patients and on the 25th Feb. 1913
caught infection from one of such cholera patients,
who vomited on his boots and suddenly he breathed
last on the next day i.e. on 26th Feb. 1913.

He has left eight children, 4 daughters.
Some of whom are to be married and 4 sons all
minors. There is no property, real or personal by
means of which the bereaved family may be
maintained and the sons educated.

As it is utterly impossible to meet
the bare necessities of life, the petitioner has presented
a petition to the Senior Surgeon praying that, this

Case may be tried and a life pension granted to this large family of ^{the} deceased for maintenance and education of children.

The petitioner was told that her petition was ~~forwarded~~ forwarded to the benign government. No order has been yet received.

The petitioner earnestly requests that the pension of Rs 30, per month may be kindly ordered to be given to the family thereby helping the same very much.
